UPDATES & CHANGELOGS

- This brings the most popular navigation elements: Jobs, Events, Employers, Resources and Counseling to the forefront of the student experience. By clicking on the Avatar menu, students will see options that will take them to the other areas within CSM.

**** NOTE ****: With this update, student navigation localizations have been re-set so that the top navigation fits accessibility standards for all users. These new navigation strings can be localized, but we encourage you to keep them short, to prevent accessibility issues.
