FAST	Skills Ontario Competition	Additive Manufacturing
FAST	Skills Ontario Competition	Arborist
FAST	Skills Ontario Competition	Automation & Control
FAST	Skills Ontario Competition	Cabinetmaking
FAST	Skills Ontario Competition	CNC Machining
FAST	Skills Ontario Competition	Coding
FAST	Skills Ontario Competition	Computer Aided Manufacturing
FAST	Skills Ontario Competition	Electrical Installations
FAST	Skills Ontario Competition	Electronics
FAST	Skills Ontario Competition	Heating Systems Technician
FAST	Skills Ontario Competition	Horticulture & Landscape Team of Two
FAST	Skills Ontario Competition	Landscape Design
FAST	Skills Ontario Competition	Mechanical CAD
FAST	Skills Ontario Competition	Mechatronics Team of Two
FAST	Skills Ontario Competition	Plumbing
FAST	Skills Ontario Competition	Precision Machining
FAST	Skills Ontario Competition	Refrigeration
FAST	Skills Ontario Competition	Welding
FAST	Skills Ontario Competition	Architectural Technology & Design
FAST	Skills Canada National Competition	Mechatronics Team of Two
FAST	Skills Canada National Competition	Electronics
Longo FB	Skills Ontario Competition	Restaurant Service
Longo FB	Skills Ontario Competition	Culinary Arts
Longo FB	Skills Ontario Competition	Baking
Longo FB	NudeStix-Pop-Up Shop	
Longo FB	Ontario-wide inter-college Event Management competition	
Longo FB	CIFP Case Challenge Competition	
Longo FB	COIL Collaboration: Marketing Students Explore the Future of Miele's Digital Touchpoints	

Longo FB	Map the System- Canada	Map the System is a unique global, systems thinking competition run by Oxford University that challenges students from any discipline to explore and <i>map</i> a complex social or environmental issue they care about. Rather than jumping straight into 'innovation' and 'new' solutions, Map the System asks students to understand issues at a deeper level and to investigate the scope of existing efforts to solve the problem before recommending their own points of intervention.
Longo FB	Humber Pastry Cup	
Longo FB	2024 Humber Iron Chef Challenge	32 students from Humber's culinary programs complete as 8 teams of 4 to produce a three-course meal for a tasting panel of industry chefs. The teams are tasked with creating globally infused dishes and recipes from scratch, showcasing a list of mandatory ingredients, then prepare and present these dishes to the judges within a specified timeframe.
Longo FB	SAS Canada's 2023 Safe Roads Competition	
Longo FB	Robotics in the Hospitality Industry	
Longo FB	Lloyd Dean Moot Competition	
Longo FB	Capital Cup, Mooting Competition	
Longo FB	Riipen Cross College Entrepreneurial Challenge	
Longo FB	ERPsim Maple Game Challenge	
Longo FB	MLSE LaunchPad Youth Sport Program Case Competition	
Longo FB	Ontario Colleges Accounting Case Competition (OCACC)	Ontario colleges send 1 or 2 teams to a different host college each year at the end of March. A tailor-made case that no-one has seen is given to students on the day of the competition. Teams have 2 hours to analyse and prepare a PowerPoint presentation with recommendations. Teams then have 15 minutes to present their recommendations to 5 sets of independent CPA judges. The 5 winners from each set of competitors then proceed to the final round presenting the same presentation to the set of finalist judges to determine 1 st , 2 nd & 3 rd place winners.
Longo FB	Design Thinking Ideathon	
Longo FB	Enactus	
FSCS	Crime Scene Investigation (CSI) Challenge	The CSI Challenge is an interdisciplinary and cross-institutional competition which brings students from Police Foundations, Criminal Justice, Protection Security and Investigations and Forensic Identification programs at Humber to compete against Seneca
FMCAD	Skills Ontario Competition	3D Digital Game Art
FMCAD	Skills Ontario Competition	Photography
